2. In the course of preparing this directive for Mr. Dulles' signature, the DD/I requested that CIA recipients of the directive be informed of the designation of the DD/I as CIA member of the IAC (in addition to the DCI) for the purposes of the directive.

3. Accordingly, this Office will prepare in mimeograph a suitable memorandum for CIA recipients of subject directive. We will provide your Office with sufficient copies of these to make it possible to accompany each print of the directive disseminated within CIA, with one copy of the mimeograph notice. We suggest that you not disseminate the printed directive internally until the mimeograph notice is available to accompany it internally.
